

Joseph Corporation is a community-based nonprofit organization established in 1991 to address affordable housing needs in the Aurora area. Our mission is to empower individuals, stabilize families, and revitalize neighborhoods through a variety of economic and social initiatives.

Joseph Corporation increases homeownership opportunities by offering education and counseling for first-time homebuyers and refinance, and foreclosure counseling for current owners. We achieve our goal of providing quality, affordable housing through rehabilitation of distressed properties and by developing rental housing. Joseph Corporation is a HUD approved agency and employs a professional, bi-lingual staff and is governed by a volunteer board of directors.

Welcome to our 18th Annual Golf Outing & Fundraiser!!

As a NeighborWorks Charter Member, Joseph Corporation is able to offer services to many families in jeopardy of losing their homes. In 2009 we assisted 564 clients through one-on-one counseling and group sessions. Loss of a job, reduction in pay, illness, budget/credit issues or a change in family dynamics are all instrumental in causing a default. Some of the available solutions to prevent foreclosure are loan modification, forbearance, short sale, a deed in lieu, or repayment plan.

Our partnerships are an important asset to us. We partner with many agencies and governmental entities. Our most recent endeavor is a collaboration with the City of Aurora to begin a program called "Safety First". This program gives City of Aurora residents the opportunity to apply for a grant of up to \$5000 for emergency home improvements. This grant is to correct life and safety hazards in their home. Repairs such as mechanical systems, electrical upgrades, plumbing improvements, roof repairs or replacements, and porches are some of the available repairs for city residents.
